

VitaScan LT Bladder Scanner (Probe Only) (PN: 100525G1)

The “G1” Includes

- VitaScan LT Bladder Scanner with Carry Case
- VitaScan LT Software
- Ultrasound Gel
- Lifetime Training
- Two-Year Limited Warranty**

Exclusive Features

The simple-to-use and intuitive VitaScan LT quickly and automatically measures urinary volume and post void retention (PVR). You do not need to be a sonographer or have prior ultrasound experience to succeed with the VitaScan LT.

Real-Time Imaging – View the bladder in 3D on screen before scanning. Software automatically tracks and outlines the bladder for you.

USB Powered Probe – Draw your power from the Tablet and stop replacing batteries. Stay current with software upgrades.

Single Position Multi-plane Scan – One press of a button automatically displays 3D images of both the sagittal and transverse views.

Fully Automatic Measurements - Automatically calculates and displays bladder volume and PVR. Allows for manually recalculating test results.

And that’s not all....

Print to existing printers – Print using your current standard printer, thermal paper is a thing of the past!

Save tests in real-time to local or network folder – Save time by automatically saving the results where you want them the first time around.

Attach results to EMR/EHR - Transfer JPEG and DICOM image formats to EMR/EHR

Lower cost of ownership – Excellent and affordable extended warranty and support programs available.
